TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Explanatory Attachment to Notice of Non-Compliant Amendment

Effective 30 July 2003, amendments filed under 37 CFR 1.121 must be filed using the following rules:

(A) When there is any amendment to a claim, a claim listing of all claims ever presented in the case must be supplied in ascending numerical order. The claim listing must include (1) the claim number of every claim ever presented in the application whether entered or not, (2) a single status identifier, in parenthesis, following each claim number, (3) the text of all pending claims (including withdrawn claims), and (4) markings (underlining, strikethrough) showing the changes made only in the current amendment relative to the immediate prior version. The claims in the claim listing of the current amendment will replace all prior versions, and listings, of claims in the application. Only seven claim status identifiers may be used: original, currently amended, canceled, withdrawn, previously presented, new, not entered. No other status identifiers will be permitted. Grouping of consecutive canceled claims, e.g. claims 1-25 (canceled) is permitted and canceled claims should not include the text of the claim.

The amendment to the claims filed 01 April 2005 is non-compliant insofar as the incorrect status identifier "Amended" was used. Also, it is noted that cancelled claims should not include the text of the claims.

(B) When there is an amendment to the drawings, the amendment must include a replacement drawing sheet showing the amended figures which include the desired changes, without markings, on a separate sheet in compliance with 37 CFR 1.84; and an explanation of the changes in the remarks. A replacement drawing sheet must be identified in the top margin as "Replacement Sheet", a new drawing sheet must be identified in the top margin as "New Sheet"

Art Unit: 3727

and an annotated drawing sheet must be identified in the top margin as "Annotated Sheet".

Replacement drawing sheets with changes are accepted by the examiner, unless otherwise notified by the examiner. No further drawing submission is required.

The drawing sheets filed 01 April 2005 are non-compliant insofar as the sheets were not correctly identified in the top margin.
